

## Upright Refrigerators and Freezers

Freshness and reassurance are essential for food business.

Panasonic's refrigerators and freezers with the most advanced technology provide powerful backup in its customer's professional demands to keep the food fresh and tasty.

Features:-

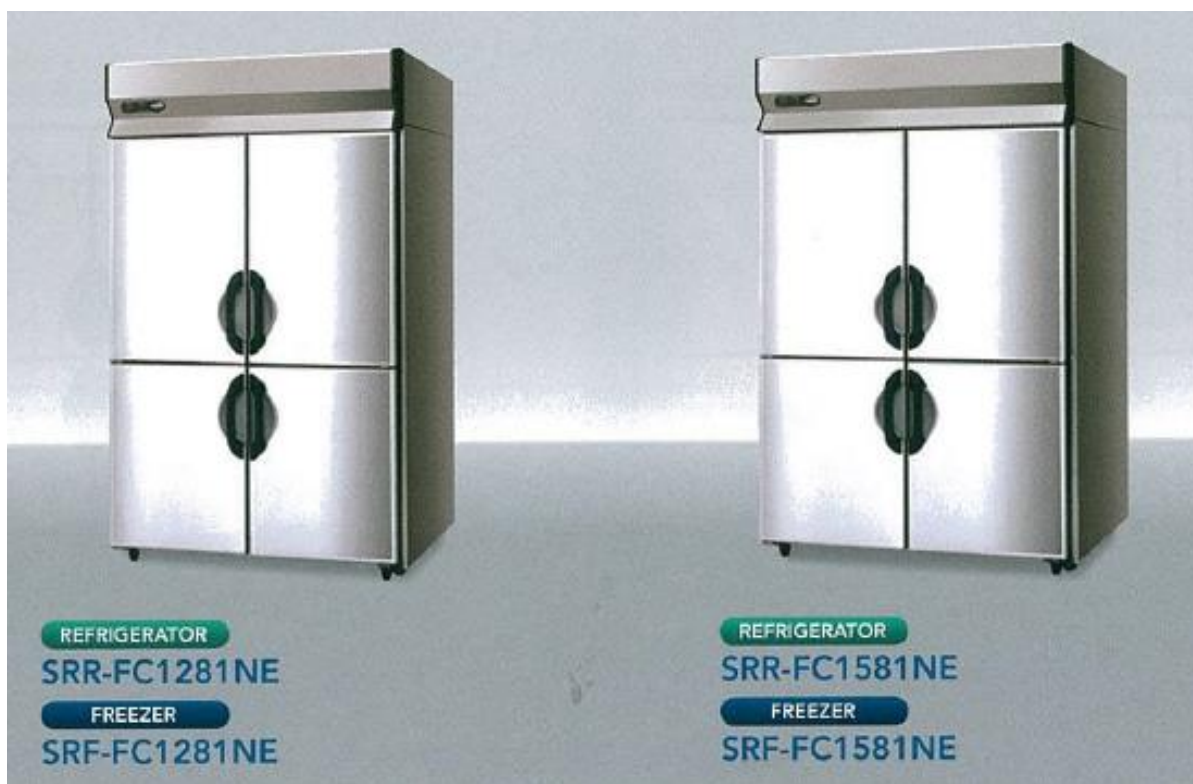

- **Centre-pillar-less**  
Panasonic's refrigerators and freezers do not have a pillar in the centre, and this means that they have a wide opening, allowing large containers to be put in and taken out with ease. Since there is no dead space, full use can be made of the spacious interior.
- **Excellent cooling capacity even in high-temperature environment**  
If the product is to be used in high-temperatures, you can choose the model according to cooling capacity. The FC series models have "tropical" specifications, enabling them to be used in temperature up to 43°C, for example in the heat of summer and in hot kitchen environments.
- **Large holding volume & user-friendly**  
The top compartment is at an easy-touse height. Moreover, the height of the interior of the product is 150mm taller, giving it a large holding volume. It's easy to see inside, and the design makes it more efficient to use.
- **Reducing the environment load**  
Refrigerant      HCFC → HFC  
Foaming agen    HCFC → Cyclopentane(CH)
- **Simple temperature control**  
It is easy to set the cabinet temperature.  
Since it is digital, you can immediately determine the condition (temperature / defrost), and can manually set it to defrost. The product is equipped with a function to output a record of the temperature data, which is useful for checking the state of food preservation and determining whether a fault has occurred

## Specification

Model No		SRR-FC681NE	SRR-FC781NE	SRR-FC1881NE	SRF-FC681NE	SRF-FC781NE	SRF-FC1881NE
Product type		Refrigerator	Refrigerator	Refrigerator	Freezer	Freezer	Freezer
Dimensions	Width x Depth x Height	620 x 800 x 200	745 x 800 x 2000	1800 x 800 x 2000	620 x 800 x 2000	745 x 800 x 2000	1800 x 800 x 2000
Temperature range	Ambient 43°C (No load)	-4 ~ +10°C	-4 ~ +10°C	-4 ~ +10°C	-20 ~ -10°C	-20 ~ -10°C	-20 ~ -10°C
Material	External	Stainless Steel	Stainless Steel	Stainless Steel	Stainless Steel	Stainless Steel	Stainless Steel
	Interior	Stainless Steel	Stainless Steel	Stainless Steel	Stainless Steel	Stainless Steel	Stainless Steel
Thermometer		Digital	Digital	Digital	Digital	Digital	Digital
Temperature Recorder		Yes	Yes	Yes	Yes	Yes	Yes
Refrigerant		R404A	R404A	R404A	R404A	R404A	R404A

Ambient temperature of 30°C: Refrigerator temperature range -6°C ~ 12°C, freezer -25°C ~ -15°C (No load)
